RCM DID Training Program (RDT) Overview

(formerly known as Tom Hawkins Memorial Internship)

This program consists of four prerequisite webinars and four live training weeks, divided into two levels and providing the option for both auditors and certification at each level. See details below.

Level I: Non-Ritual Abuse

- **Prerequisite Webinars**
 - **Webinar 1: Dynamics of DID**
 - **Webinar 2: Spiritual Warfare Dynamics I**
 - **Webinar 3: Identifying Primary Identities**
 - **Webinar 4: Bringing Healing to DID**
- **RDT Week 1: Primary Identity Approach**
(Will be offered simultaneously both in person and online starting in 2018)
- **RDT Week 2: Prenatal Healing I**

Level II: Ritual Abuse

- **RDT Week 3: Ritual Abuse Dynamics I and Spiritual Warfare Dynamics II**
- **RDT Week 4: Ritual Abuse Dynamics II and Prenatal Healing II**

Who Is Eligible?

Level I is open to anyone who is actively counseling trauma survivors as a professional or a prayer minister. Level II is open to any counselors or prayer ministers who are actively working with ritual abuse survivors and have attended Level I. Week 4 requires that you have been counseling ritual abuse survivors for at least 6 months. Application and references are required at both levels.

Note: In this document “counselors” refers to professional counselors or prayer ministers.

Two Options for Attendance

1. **Certification:** Eligible counselors desiring certification must complete prerequisites as well as pass the exams and practicums for each week. Repeat exams or practicums will be allowed at additional cost.
2. **Audit:** Eligible counselors can attend the training weeks without taking the exams or doing the practicums. Prerequisites will still apply and they will only receive a certificate of attendance.

Benefits of Certification

1. You get the opportunity for doing supervised practical applications of the material.
2. You will undoubtedly get a better grasp of the material by doing the exams and practicums.
3. You will have this credential to validate your DID ministry.
4. You will have the option to be put on our “Recommended List” for prospective clients.
5. You will receive special benefits as described below.

Special Benefits for Interns at All Levels

We want to provide special benefits and follow-up for all who attend our internship weeks, whether it was the previous Tom Hawkins Memorial Internship or the new RDT program. These benefits will include:

- Priority response to requested phone and e-mail consultations
- Exclusive online Q & A and update meetings during the year
- Discounted rates for re-attendance at any week
- Updates on advanced-level renunciations for those who have attended the advanced level weeks

Special Note to Alumni of the Tom Hawkins Memorial Internship Program

We trust that you gained benefit from the internship weeks that you attended in our previous internship program. We have realized, however, that having only two weeks to cover all the material needed to become proficient in utilizing the Primary Identity Approach and the RCM Prenatal Healing Process and in addressing the many ritual abuse dynamics required to bring healing to DID/RA survivors was greatly insufficient. This is the reason for our expansion of the program to four weeks plus additional teaching webinars.

We urge you to consider attending the complete 4 weeks of the expanded RDT training, as we will cover more material (see subject matter lists below), have more focused demonstrations, and, if you are a certification candidate, offer the opportunity for you to participate in supervised practicums, demonstrating your ability to apply the principles learned.

Any intern may attend Weeks 1, 2, or 3 as an auditor without taking any prerequisite exams. We have, however, added some features to the program to try to enhance the spiritual safety of the group, so you will have to send in an application form with two references included and do the prerequisite renunciations for each week. We would encourage you to cover the other designated prerequisites as well, as we believe that they will prepare you to get the most from these weeks.

Because of the greatly updated material presented in Level II, we are requiring that everyone take Week 3 before being accepted into Week 4.

Advanced Placement Option

If you desire to earn certification through the RDT program and feel that you have adequately learned the Primary Identity Approach and basic Prenatal Healing Process, we will allow you to skip Weeks 1 and/or 2 if you can pass the exams and practicums of these weeks. Pricing for these exams and practicums is listed in the cost section for these weeks. Practicums can be arranged by request and done either in-person or via Skype. Failure to pass the exams or practicums will require retaking them at additional cost or attending the actual event.

- The RDT Week 1 exam comes from *Restoring the Shattered* Training Series Module 3.
- The RDT Week 2 exam comes from the “Prenatal Healing Process” chapter in Module 4 of the *Restoring the Shattered* Training Series.

Reduced Rates for Alumni

Alumni will also be allowed to attend RDT weeks at a reduced rate.

- If you have attended a Basic Week of the Tom Hawkins Memorial Internship Program, you may attend RDT Weeks 1 and 2 at the discounted alumni rate.
- If you have attended an Advanced Week of the Tom Hawkins Memorial Internship Program, you may apply to attend RDT Week 3 at the discounted alumni rate.

Prerequisite Webinars

These webinars are all available as recordings for purchase on our website www.rcm-usa.org/Online-Webinar-Training.html. They are available to anyone with no application process required. For those desiring certification, the exams for each webinar will be taken from the notes that you will receive when you register for the webinar recording.
